

Naturalist Worksheet

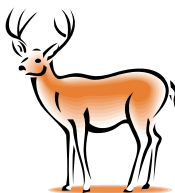

N

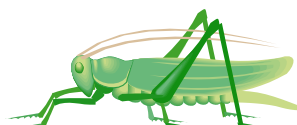

Draw a circle around all examples of producers. Draw a square around all examples of consumers. Draw a X over all decomposers.

Fungi

Herbivores

Meat eaters

Make their own food

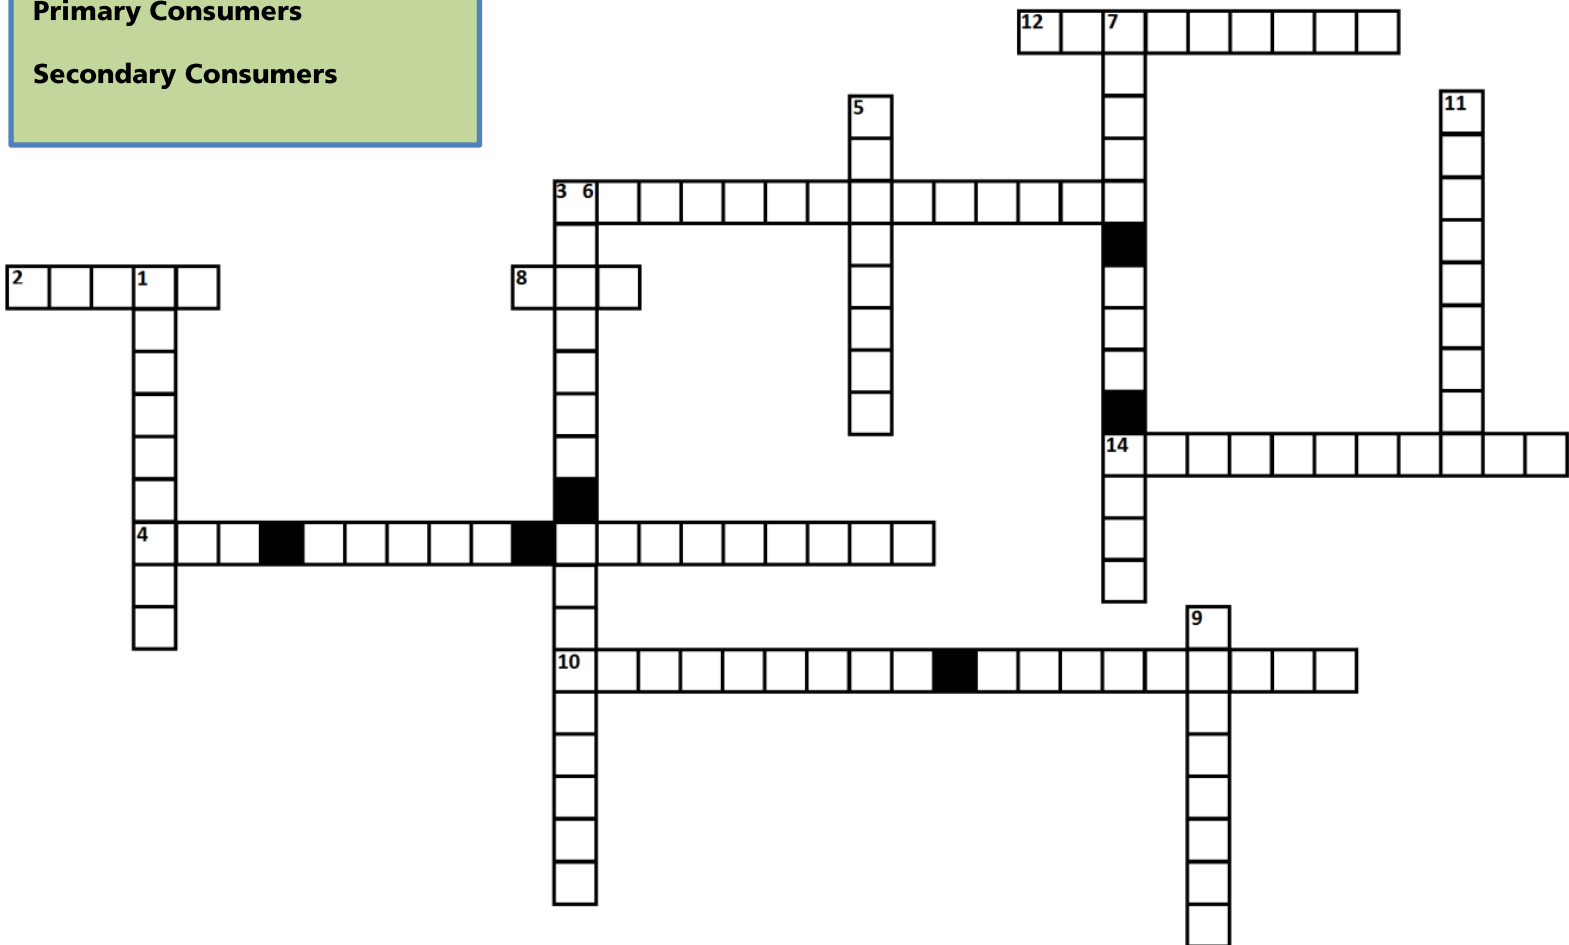

Word Box

Carnivore **Rocks and Dirt**
Sunlight **Ecosystem**
Omnivore **Water**
Herbivore **Photosynthesis**
Air **Decomposers**
Top Level Consumers
Primary Consumers
Secondary Consumers

Down

1. A community of living and non-living things that work together
3. Animals that get their food from plants
5. This bright light helps plants grow
7. You enjoy playing in these non-living things
9. Animals that eat both meat and plants
11. Animals that eat meat

Across

2. We can go longer without food than we can go without this non-living thing
4. Animals that get food by eating other consumers and rarely become prey
6. The process that helps plants make their food
8. This non-living thing helps us breathe
10. Animals get food by eating primary consumers and may become prey
12. Animals that eat plants
14. Animals and plants that decay or rot other plants and animals

Nature Pyramid
